

INTERNATIONAL PAPER MANUFACTURER

INTERNATIONAL PAPER

- Markets: Industry & Manufacturing
- Country: Poland
- Courtesy of: Superior Products Poland

PROJECT DESCRIPTION

Outdoor tanks of the paper factory had corrosion problems and needed to be insulated.

COATING SOLUTION

First a primer was placed using RUST GRIP, followed by an insulation of 3-4mm of HOT SURFACE COATING, finished off by a top coat of SUPER THERM.

RESULTS

The temperature before application was + 96°C.

After application of solution above, the temperature was + 46°C.
