

ALL-TERRAIN VEHICLE MANUFACTURER

WILD MOG BELGIUM

- Markets: Shipping & Transport
- Country: Belgium
- Courtesy of: Superior Products Belgium

PROJECT DESCRIPTION

“A Wild Mog has a specially designed, uniquely customized 10+ ton powerhouse to support your off-road explorations. This armored home built on a Unimog U500 base has an action radius of over 3500 km, 1400 liters of water, the power to ascend a 70° steep climb, fine-grained speed control, both left and right hand drive, SUPER THERM heat insulation technology, a switch to inflate and deflate your tires from inside, and an extra solar-powered battery.”

COATING SOLUTION

After coating with 250 micron DFT Super Therm®, a top coat of ENAMO GRIP (white) was applied for easier maintenance.
