

MULTIMEDIA & SURVEILLANCE TRUCKS

ALFACAM

- Markets: Shipping & Transport
- Country: Belgium
- Courtesy of: Superior Products Belgium

PROJECT DESCRIPTION

Several trucks were fully equipped with digital filming equipment and supporting material to be used by a multimedia and broadcasting company. The effect of outside heat penetration needed to be reduced as much as possible.

Shipping & Transport Market

COATING SOLUTION

Trucks were coated with SUPER THERM to prevent outside heat penetration. Finalized with ENAMO GRIP CLEAR (high gloss), to obtain smooth surface.

RESULT

The trucks were successfully used at the Olympic Games of 2008 in Peking with very positive results.
